

## **DJ VANDEL** CR.43A | Underground Quality | BIEN BUENO | Discos Nutabe - CO

DJ, producer and graphic designer. He is the head of CR.43A and co-founder of Discos Nutabe, Medellín Colombia based record labels in vinyl format and co-founder of the local Neltabel Monofónicos and the BIEN BUENO party circuit in Medellín. He has focused on a classic and club house sound since his early days as a musician, also a lover of "World Music" and a fan of instruments.

Known in Medellín for his classic method of producing; tape recordings, synthesizers and rhythm machines accompany him in his experimentation and composition; and the turntables in the mix, which has allowed him to play in South American countries, Asia and Europe; at festivals and big clubs.

His music is characterized as music to dance and move the body, it has character, connects all the senses and gives the option of entering a state of meditation and introspection. It could be said that a Vandel set is experiencing a journey through sounds, without forgetting his strong Latin connection and mixes of music.

At the moment Vandel is in the process of the first release of his new project, CR.43A

**Side Project:** Van Kembela  
(Africa - Kwaito - Champeta)
