

## **DJ VANDEL**

CR.43A | Underground Quality | Bien Bueno - CO

DJ, producer and graphic designer. Head of CR.43A, a vinyl record label based in Medellín, Colombia and co-founder of the local Neltabel Monofónicos. He has focused on a classic House sound since his early days as a musician in 2003, also a lover of "World Music"; and since 2020 he has been operating his bar Siete Pulgadas - Listening Bar, where he is also the musical curator.

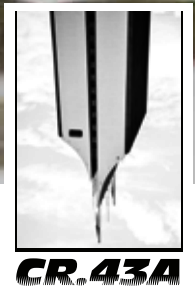

At the beginning of 2021, Dj Vandel started a circuit of parties in the city of Medellín called Bien Bueno, an underground secret location party that has been very well received by the electronic public of the city.

Known for his classic method of producing; tape recordings, synthesizers and rhythm machines accompany him in his experimentation; and the turntables in the mix, which has allowed him to play in South American countries, Asia and Europe; he has performed in big clubs around the world and has shared booth with great exponents of House and Techno on the world scene.

His music is characterized as music to dance and move the body, it has character, connects all the senses and gives the option of entering a state of meditation and introspection. It could be said that a Dj Vandel's set is experiencing a journey through sounds, without forgetting his strong Latin connection and mixes of music.

**Side Project:** Van Kembela  
(Africa - Kwaito - Champeta)
